

Evans Bay Yacht & Motor Boat Club's Latest News

Hi <<First Name>>, a quick update...

Movie Night Postponement!

Due to the "magnificent" weather we are currently experiencing and the large number of road closures around the city we are postponing the Movie Night which was meant to occur this evening (Tuesday 15 Nov). We will advise in the next newsletter when the movie will be shown, hopefully in the not too distant future!

So please stay dry out there (if that is even possible).

EBYMBC Earthquake Update

I hope that everyone is well and came through the events of yesterday unscathed! This is a quick message to let you all know that the club has come through yesterdays events very well and we are operating as normal (that's if we can classify ourselves as "normal" in the first place).

The bar will be open this evening and each evening this week for anyone who wants to call in and have a chinwag and nice relaxing beverage with friends.

We will also be sailing as scheduled on Saturday if the weather allows.

Movie Night - Date to be advised!

All members, family and friends are invited to a movie night at the Club. So put a note in your calendar for Tuesday 15 November. Doors will open at 1900hrs for a meet and greet, with the movie feature starting at 2000hrs. Solo on the Indian Ocean, Robert Redford is sailing his Cav 39, disaster occurs when he hits a floating container. This exciting and engaging film has won several awards and is a must see for all boaties.
